Corton House Care Home

Corton House Limited

Matt's story

The company Matt works for allow their staff to take regular annual volunteering leave, so he came to Corton House to help out with our Maintenance Team, tackling the compost heap and clearing paths to keep our tenants and residents safe in our lovely gardens. Matt says,

"I really enjoyed (the) company and meeting some of the lovely residents. I would love to volunteer again... It was a real eye opener."

Why not ask your employer if they offer paid time off for volunteering?
